5. University Honors Program (UHP) Group Event Participation

The UHP is a learning community and requires Honors students to participate in events with other Honors students. All students of the UHP are required to participate in 4 events with other Honors students. The UHP plans and organizes several events of its own every semester and announces these events in advance. We encourage Honors students to attend these UHP events, but we also allow students to select other interesting and meaningful UTEP events that might better fit their schedules. Students who attend non-UHP events should find at least two other Honors students to attend the event with them; the students must then submit information about their attendance through a form on MineTracker. Before Honors graduation, approval of a total of 4 event forms is required. You can find detailed information and the steps necessary to receive credit for these events at www.utep.edu/honors by selecting 'Community Events.' Please note that while we encourage participation in as many UHP Group Events as possible, we also emphasize the importance of maintaining a balanced school-life schedule

6. Graduation Clearance for the Honors Degree

Students are required to submit a Graduation Clearance Form by the deadline specified by the main Honors office. This form must be submitted during the last semester before graduation and to receive credit it must be approved by the main office. These deadlines are not flexible; some university offices impose deadlines that the Honors program must meet. Late submissions may result in the student not receiving Honors recognition. If a student is graduating in the summer but participating in the Spring commencement ceremony, the necessary documents must be submitted according to the UHP Academic Spring calendar due dates. Similarly, if a student is graduating in the summer but participating in the Fall commencement ceremony, the required documents must be submitted based on the UHP Academic Fall calendar due dates.
